

## HOW TO – Locate a Deposit Taking ATM Using CO-OP Network Advanced Search

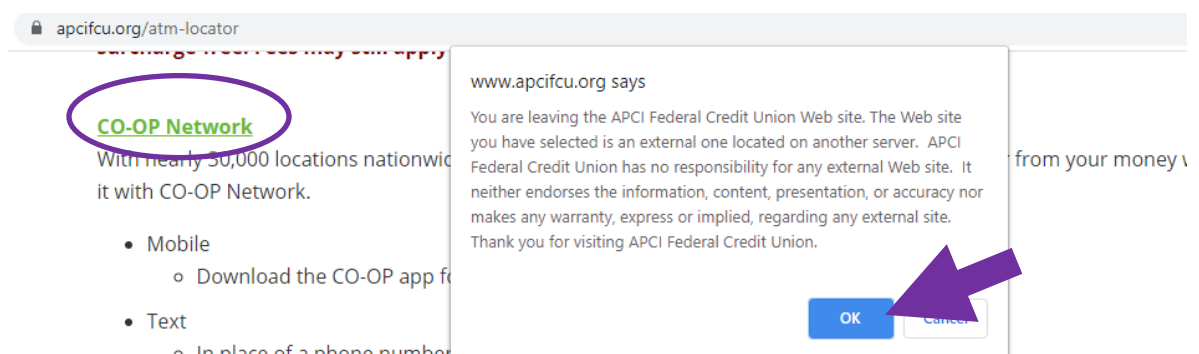

With nearly 30,000 locations nationwide, many of which are deposit-taking ATMs, you are never far from your money when you need it with CO-OP Network.

Please note that APCI FCU is not responsible for updating the locations and deposit capabilities listed on these locator tools. Each participating financial institution is responsible for keeping their information updated, and some ATMs may not be accessible at this time due to office closures related to COVID-19. These ATM Locators may identify ATMs that are not surcharge-free. Fees may still apply on some machines.

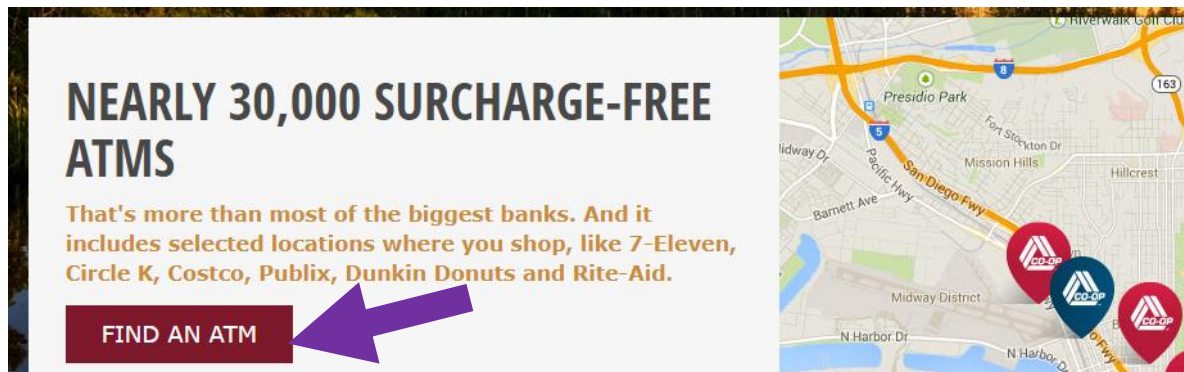

### 1. Visit [apcifcu.org](http://apcifcu.org) > Learn > ATM Locator

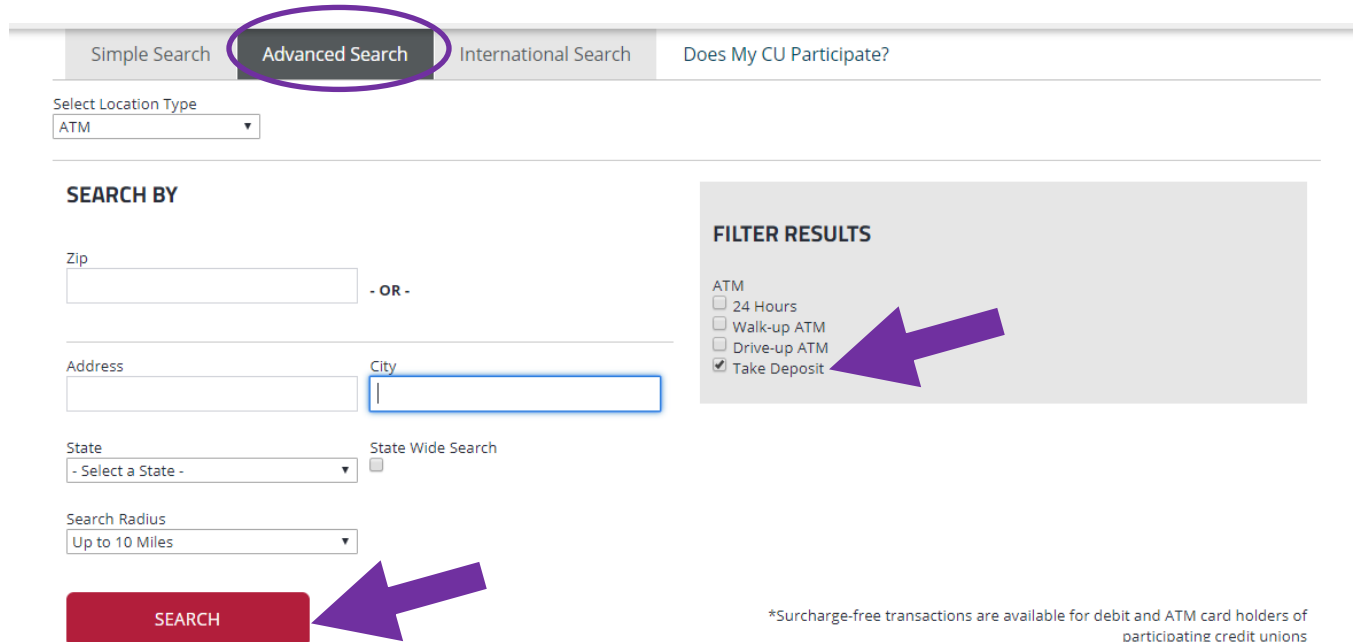

### 2. On the ATM Locator page, click on the CO-OP Network link, then click “OK” in the pop-up box to confirm you would like to visit the external CO-OP Network site.

3. From the CO-OP Network site, click the “FIND AN ATM” button

4. Select the Advanced Search tab and check the “Take Deposit” box. Enter either your Zip Code or Address, City and State as search criteria. Select a Search Radius and click on the “SEARCH” box.

The screenshot shows the search interface for finding ATMs. At the top, there are four tabs: 'Simple Search', 'Advanced Search' (circled in purple), 'International Search', and 'Does My CU Participate?'. There is also a 'State' dropdown menu and a 'State Wide Search' checkbox. A 'Search Radius' dropdown menu is set to 'Up to 10 Miles'. At the bottom left, there is a red 'SEARCH' button with a purple arrow pointing to it. On the right side, there is a 'FILTER RESULTS' section with a purple arrow pointing to the 'Take Deposit' checkbox, which is checked. Below the search form, there is a note: '\*Surcharge-free transactions are available for debit and ATM card holders of participating credit unions'.
